HIGH IMPACT ANTI-CRIME PROGRAM

PROJECT NAME: Crime Analysis Team

ADDRESS: 38 Halsey Street, Newark, New Jersey 07102

TELEPHONE: (201) 624-3933

PROJECT DIRECTOR: Alan Zalkind

FEDERAL PROJECT NUMBER: 75-NI-02-0002

PROJECT GOALS:

The staff of the Newark High Impact Anti-Crime Program, commonly referred to as the Crime Analysis Team (CAT), operates as a special agency under the auspices of the Office of the Mayor. Its primary responsibility was to plan, develop, fund, monitor and evaluate crime reduction projects aimed at reducing stranger-to-stranger crimes and burglary by 5% in two years and by 20% in five years. Resources for implementation were made available in the amount of \$20 million by the National Institute of Law Enforcement and Criminal Justice and the Law Enforcement Assistance Administration. The Vice-President of the United States announced the program in January of 1972, indicating that Newark was one of eight specially selected cities to participate in an experimental crime reduction effort.

In addition to the specific crime reduction goal referenced above, the CAT strives toward the achievement of the development of a criminal justice planning and research capability at the city level; the establishment of a criminal justice system information base; the direct enhancement of community involvement in the local justice system; the improvement and expansion of innovative alternatives for criminal justice agencies; and the provision of technical assistance to administrators and staffs of criminal justice agencies. Currently, the High Impact Anti-Crime Staff is responsible for monitoring 28 operational crime reduction projects in the city, each of which is described as follows:

CRIME ANALYSIS TEAM

PROJECT NAME: Street Lighting

ADDRESS: Newark Dept. of Public Works - 920 Broad St., Nwk., N.J. 07102

TELEPHONE: 733-6460

PROJECT DIRECTOR: Steve Tyrpak

FUNCTIONAL AREA: Prevention

FEDERAL PROJECT NUMBER: 72-DF-02-0100

PROJECT GOALS:

Project goals are:

To reduce Impact target offenses in the designated areas by 7.5% in one year.

To reduce Impact target offenses in the City of Newark in the absence of crime displacement by 1.6%.

To improve police surveillance of the designated areas and to make the environment less conducive to the perpetration of Impact target offenses.

To promote pedestrian movement during the hours of darkness in the designated areas.

To increase business (in dollar sales) due to increased pedestrian traffic, in commercial areas.

SUMMARY DESCRIPTION:

This project installed high intensity street lamps in three selected high IMPACT target crime police sectors of the south ward, for the purpose of reducing crime in those areas.

STREET LIGHTING

PROJECT NAME: Supported Work

ADDRESS: City of Newark - Dept. of Eng., 920 Broad St., Nwk, N.J.07102

TELEPHONE: 733-3600

PROJECT DIRECTOR: Donald Bernard

FUNCTIONAL AREA: Non-Institutional Rehabilitation

FEDERAL PROJECT NUMBER: 75-ED-02-0114

PROJECT GOALS:

Specific objectives for this project are:

To implement a supported work project with 25-50 employee slots the first year and 100 slots per year thereafter.

To train and employ ex-offenders.

To prevent ex-offenders from recidivating and/or relapsing into drug abuse.

SUMMARY DESCRIPTION:

This project will provide employment and training for ex-offenders in a supportive, low stress atmosphere. This will be done through newspaper recycling, which will offer a variety of job classifications; opportunities for upward mobility within the project, and training that corresponds to or is adaptable to jobs in the private sector of the economy.

SUPPORTED WORK —

PROJECT NAME: Essex County Correct. Cntr. Voc/Legal Project

ADDRESS: Essex County Correct. Cntr. Caldwell, N. J. 07006

TELEPHONE: 266-7777

PROJECT DIRECTOR: Warden Arthur Magnusson

FUNCTIONAL AREA: Institutional Rehabilitation

FEDERAL PROJECT NUMBER: 75-ED-02-0109

PROJECT GOALS:

Specific Goals are to:

- 1) Reduce Impact Target Crimes by at least 60% per year after project implementation.
- 2) Reduce Target Crime recidivism among Newark offenders incarcerated in the Essex County Correctional Center by twelve percent (12%).
- 3) Reduce recidivism rate of those participating in the program from 90% to 30%.

SUMMARY DESCRIPTION:

The primary function of this project is to rehabilitate Newark target offenders confined at the Essex County Correction Center through job training, development, placement and on site legal services. This project has implemented two vocational training shops - Auto Mechanics and Auto Body Repair - and related education which takes in: 1. Manners and grooming, 2. Citizenship, 3. Communication, 4. Service Department Image, 5. Writing Orders, Estimating, and filing.

ESSEX CNTY CORRECTIONS CENTERVOC/LEGAL PROJECT

PROJECT NAME: Property Identification

ADDRESS: 57 Green Street, Newark, N. J. 07102

TELEPHONE: 733-6135

PROJECT DIRECTOR: Lt. John Mosca

FUNCTIONAL AREA: Detection, Deterrence, Apprehension

FEDERAL PROJECT NUMBER: 75-DF-02-0104

PROJECT GOALS:

The Property Identification project intends to discourage the crime of burglary. Specific objectives are:

1. To provide a system whereby the public can mark personal property with an identifying number.
2. To reduce the target crimes of burglary and robbery by making it more difficult for the offender to peddle stolen property.
3. To increase the clearance by arrest rate for burglary.
4. To increase the conviction rate for burglary.
5. To promote better police-community relations.

SUMMARY DESCRIPTION:

This project is primarily designed to discourage the crime of burglary and to assist in the recovery of stolen property. Property which has a high probability of being stolen will be marked with the owners social security number. Records of valuables will be kept by the police department, pawnshops and second-hand stores throughout the City. They will be apprised of this plan and how to locate the markings.

PROPERTY IDENTIFICATION

PROJECT NAME: Newark Centralized Communications,
Command and Control System (NC-4)

ADDRESS: Newark Police Dept. - 22 Franklin St., Newark, N. J. 07102
TELEPHONE: 733-6007

PROJECT DIRECTOR: Thomas Martin

FUNCTIONAL AREA: Research and Information Systems

FEDERAL PROJECT NUMBER: 73-DF-02-0100

PROJECT GOALS:

The specific goals and objectives of this project are:

- a. The reduction of street crime and burglaries by five per cent in two years, and twenty per cent by five years.
- b. Improved police performance in following areas:
 - (1) Communications
 - (2) Records
 - (3) Command and Control

SUMMARY DESCRIPTION:

This project envisions a computer based communications and record system with required integrated subsystems. These subsystems include the presently developing Newark Police information subsystem, a communications subsystem, and a computer assisted dispatching subsystem. These subsystems must be seen as parts of a total system which has a common denominator information which must be processed and communicated.

PROJECT NAME: Block Watchers

ADDRESS: 57 Green St., Newark, N. J. 07102

TELEPHONE: 733-6135

PROJECT DIRECTOR: Captain John E. Dunsmuir

FUNCTIONAL AREA: Prevention

FEDERAL PROJECT NUMBER: 74-DF-02-0101

PROJECT GOALS:

The Block Watchers project is an attempt to deter impact crimes in communities by accomplishing the following goals:

To increase overall clearance by arrest rates for IMPACT crime.

To reduce target crime specifically in those areas where Block Watchers are located (deterrent effect).

To produce statistically higher target clearance by arrest rates, Block Watchers reported target crime incidents vis a vis incidents city wide.

To create an atmosphere of security for the citizens of Newark.

SUMMARY DESCRIPTION:

Essentially, this project is an effort to design the environment so that the individual contemplating the perpetration of an Impact Crime, (Homicide, Rape, Atrocious Assault & Battery, Robbery, Breaking & Entering) will no longer feel that he can engage in such an activity with impunity. This can be accomplished by involving community people with the police in constant surveillance of the neighborhood. Volunteer participation of the citizens will be solicited through neighborhood organizations, P.T.A.'s Police District Community Councils, and the communications Media.

BLOCK WATCHERS

PROJECT NAME: 4-H Outer Limits

ADDRESS: 666 Clinton Avenue, Newark, N. J. 07108

TELEPHONE: 374-0470

PROJECT DIRECTOR: Chester Smith

FUNTIONAL AREA: Non-Institutional Rehabilitation

FEDERAL PROJECT NUMBER: 75-ED-02-0116

PROJECT GOALS:

In an effort to reduce the occurrence of target crimes committed by juveniles, this project has set up the following goals and objectives:

To reduce IMPACT Target Crime in Newark, as committed by juvenile offenders.

To reduce recidivism on the part of adjudicated Newark youth.

To assist in the development of well rounded individuals who will provide potential leadership for Newark.

To address the needs of all youth coming into the project, whether they are deemed capable of benefiting from the Outward Bound type experience or not.

To improve relationships between Newark youth and Newark Police Department Personnel.

SUMMARY DESCRIPTION:

This project services adjudicated target crime offenders in an effort to reduce their recidivism rate, by exposing these youth to a wilderness experience outside the environs of Newark. It also aims to develop leadership qualities among its participants and provide an alternative referral modality for social services for delinquent youth.

4 - H OUTER LIMITS

PROJECT NAME: Essex County Correct. Cntr. Women's Self Development

ADDRESS: Essex County Correct. Cntr., Caldwell, N. J. 07006

TELEPHONE: 266-7777

PROJECT DIRECTOR: Warden Arthur Magnusson

FUNCTIONAL AREA: Institutional Rehabilitation

FEDERAL PROJECT NUMBER: 75-ED-02-0109

PROJECT GOALS:

This project will strive to accomplish the following goals:

- 1) To reduce the incidence of Newark target crimes by 1% per year.
- 2) To reduce the incidence of Newark target crimes committed by women by 35% per year.
- 3) To reduce the incidence of Newark target crimes committed by female ex-offenders from E.C.C.C. by 100% during the first year after release.
- 4) To prevent Newark target crime re-involvement and recidivism in general among female incarcerated at E.C.C.C.

SUMMARY DESCRIPTION:

This is a project to reduce the incidence of recidivism and re-involvement in Newark target crimes among the more serious female offenders incarcerated in the Essex County Corrections Center. The project will be geared toward preparation for release, teaching the inmates how to deal with recidivism-producing day-to-day problems they are likely to encounter after release. Self-development will include the learning of positive self-images and an attitude that can make it in law abiding society. In addition to learning how to deal with simple but frustrating situations, they will be taught basics in changing their personal images and this will have a visual effect.

**ESSEX COUNTY CORRECTIONS CENTER
WOMEN'S SELF DEVELOPMENT PROJECT**

PROJECT NAME: Essex County Correct. Cntr. Women's Self Development

ADDRESS: Essex County Correct. Cntr., Caldwell, N. J. 07006

TELEPHONE: 266-7777

PROJECT DIRECTOR: Warden Arthur Magnusson

FUNCTIONAL AREA: Institutional Rehabilitation

FEDERAL PROJECT NUMBER: 75-ED 02-0109

PROJECT GOALS:

This project will strive to accomplish the following goals

- 1) To reduce the incidence of Newark target crimes by 1% per year
- 2) To reduce the incidence of Newark target crimes committed by women by 35% per year
- 3) To reduce the incidence of Newark target crimes committed by female ex-offenders from ECCC by 100% during the first year after release
- 4) To prevent Newark target crime re-involvement and recidivism in general among female incarceratees at ECCC

SUMMARY DESCRIPTION:

This is a project to reduce the incidence of recidivism and re-involvement in Newark target crimes among the more serious female offenders incarcerated in the Essex County Corrections Center. The project will be geared toward preparation for release, teaching the inmates how to deal with recidivism producing day-to-day problems they are likely to encounter after release. **ESSEX COUNTY CORRECTIONS CENTER
WOMEN'S SELF DEVELOPMENT PROJECT**

PROJECT NAME: (TASC) Treatment Alternative to Street Crime

ADDRESS: 15 Roseville Avenue, Newark, N. J. 07107

TELEPHONE: 482-8700 Ext. 28

PROJECT DIRECTOR: Frank Hurtz

FUNCTIONAL AREA: Diversion

FEDERAL PROJECT NUMBER: 73-ED-02-0102

PROJECT GOALS:

This project will

- 1) Reduce the City's rates of addict-committed crime, particularly IMPACT crimes. Because a large percentage of heroin addicts commit IMPACT crimes, it is hypothesized that overcoming addiction will diminish criminal behavior. This is based on the assumption that much of this crime occurs to support the drug habit.
- 2) Reduce the city-wide rates of recidivism for arrested addicts.
 - a. TASC will reduce the overall addict-caseloads of the Newark Police Department and the Essex County Sheriff's Office.
 - b. TASC will reduce the addict-caseload of both the municipal and Essex County courts.
 - c. TASC will reduce the number of drug abusers requiring detention and/or incarceration.
 - d. TASC will result in a great reduction in the numbers and frequency of bail violations.

SUMMARY DESCRIPTION:

This project provides a comprehensive treatment and screening operation for drug addicted arrestees in Newark. By providing such services, TASC hopes (1) to decrease the incidence of drug related crime with its attendant cost to the community, (2) to interrupt the drug cycle of street crime by providing the possibility of treatment for drug addicted arrestees and (3) to decrease the problems of detention facilities resulting from addicted arrestees.

TREATMENT ALTERNATIVE TO STREET CRIME

PROJECT NAME: Parole Aides

ADDRESS: 1100 Raymond Blvd , Newark, N. J. 07102

TELEPHONE: 648 2168

PROJECT DIRECTOR: Lee Paterson

FUNCTIONAL AREA: Adjudication

FEDERAL PROJECT NUMBER: 73 ED 02-0104

* *

PROJECT GOALS:

The goals of this project are

To reduce the time that a parole officer uses for administrative work

To reduce recidivism among Newark Target Parolees.

To reduce arrests that result in conviction.

To free Newark Parole Officers of much of their administrative responsibilities with aim toward increasing case work service to clients. To facilitate flow of information between criminal justice agencies and parole officers concerning target offenders in the Newark area

SUMMARY DESCRIPTION:

This project is designed to free Newark parole officers of much of their administrative paperwork and legwork so that they can devote a greater proportion of their time to helping Newark target offenders. Parole Aides will be hired to do the administrative work. The net result of hiring 4 parole aides will be the equivalent of making almost 3 complete target offender caseloads or hiring almost 3 full time parole officers to work solely with target offenders. The cost of this project is much less than the cost of hiring more parole officers. An additional advantage to this project is that it will facilitate and greatly speed the flow of information between criminal justice agencies and the parole officers concerning target offenders.

PAROLE AIDES

PROJECT NAME: 24 Hour Housing Security Project

ADDRESS: 57 Sussex Ave., Newark, N. J. 07103

TELEPHONE: 622-1030

PROJECT DIRECTOR: Sterling West

FUNCTIONAL AREA: Detection, Deterrence, Apprehension

FEDERAL PROJECT NUMBER: 72-DF-02-0101

PROJECT GOALS:

This project is responsible for patrolling Newark housing projects in an attempt to accomplish the following goals:

1. To reduce Overall Target Crime in Newark (in the absence of Crime Displacement) by 1.25%
2. To Reduce Impact Target Crimes in and Around Public Housing Sites by at Least 2% the First Year and 3% During the Second Year
3. To Create a Ready Reserve for Potential Newark Police Manpower
4. To Compile Accurate Statistics on Crime Occurring in Public Housing in Newark
5. To Provide Newark Public Housing Residents with an Enhanced Feeling of Security
6. To Reduce Vandalism and Vandal Related Repair Costs

SUMMARY DESCRIPTION:

This project is a preventative and responsive patrol of the public housing projects of Newark. The project will employ and train 125 officers and 12 supervisors to patrol 52 public housing buildings. A secondary goal of the project is to build a ready reserve of manpower for recruitment for the Newark Police Department.

24 HOUR HOUSING SECURITY PROGRAM

PROJECT NAME: Vindicate Society

ADDRESS: 11 Hawkins Court, Newark New Jersey 07105

TELEPHONE: 344 2993

PROJECT DIRECTOR: Ben Amos

FUNCTIONAL AREA: Non-Institutional Rehabilitation

FEDERAL PROJECT NUMBER: 73-ED 02-0101

PROJECT GOALS:

Project goals are

To continue to contribute to the reduction of overall juvenile target crime by .8% in two years and overall target crime recidivism by 13.6% in two years.

To maintain participant youth recidivism during the program and after release at a level of 12% or less.

To continue to raise the educational level of participant youth and increase the employability of youth.

To continue to provide participant youth and capability to develop insight into the self and group destructiveness of criminal behavior.

SUMMARY DESCRIPTION:

The project provides a juvenile target offender with a residential /non-residential treatment center for the purpose of rehabilitating those offenders and reducing juvenile recidivism. The center provides an alternative to juvenile incarceration by accepting juvenile offenders (pre and post adjudicated youngsters) who are referred by the court. Additionally, Vindicate Society provides necessary services such as counseling, vocational and educational training, and recreational activities.

VINDICATE SOCIETY

PROJECT NAME: North Ward Community Youth Project

ADDRESS: NWECC, 346 Mt Prospect Ave., Newark, N. J. 07104

TELEPHONE: 481 0415

PROJECT DIRECTOR: Steven Adubato

FUNCTIONAL AREA: Non Institutional Rehabilitation

FEDERAL PROJECT NUMBER: 75 DF 02 0112

PROJECT GOALS:

Goals and objectives of the North Ward Community Youth Project are as follows

- To prevent juvenile target crime delinquency involvement by 75% of the number of juveniles in the program who are are not delinquent at the time of entering into the project.
- To provide 100 jobs to youth participants in the project.
- To provide recreational activities for approximately 600 in-school and out-of-school youth, annually
- To prevent the recidivism rate from exceeding 25% among the previously delinquent youth participating in the project
- To raise the educational level of project participants. NWCYP will seek to service 400 in-school and out-of-school youth through this component

SUMMARY DESCRIPTION:

This project provides an array of social services to prevent juvenile crime and to rehabilitate adjudicated youth in the North Ward through education, recreation, counseling, and vocational training. The project has serviced over 600 youth in the first operational year.

PROJECT NAME: Tactical Anti Crime Teams

ADDRESS: Newark Police Dept , 22 Franklin St , Newark, N. J 07102
TELEPHONE: 733-6255

PROJECT DIRECTOR Inspector Thomas Critchley

FUNCTIONAL AREA: Detection, Deterrence, Apprehension

FEDERAL PROJECT NUMBER: 74 DF 02-0104

PROJECT GOALS:

The Tactical Anti-Crime Teams project objectives include:

To reduce IMPACT target crimes in police sectors affected by the anti-crime units.

To increase N.P.D. arrest rate by 20% for robbery and 19% for B & E for the TACT police

To increase total N.P.D. arrests per man per year to 1.08 for robbery, 1.82 for B & E

To increase clearance by arrest rates by 20% each for the target crimes of robbery and B & E

To increase the number of IMPACT robbery and burglary cases filed and acceptable by the prosecutor through an improvement in the presentation of testimony and evidence

To reduce response time to 60 seconds or less for patrol teams responding to electronic alarm signals.

SUMMARY DESCRIPTION:

The project aims to deploy Newark Police officers in disguise to conduct surveillances for burglary deterrence, detection and apprehension and to act as decoys for apprehension of robbers. Forty-nine experienced and carefully selected police officers who can fit into the environmental milieu will be provided by the project, as well as training, equipment, and unmarked police vehicles.

TACTICAL ANTI - CRIME TEAMS

PROJECT NAME: Special Case Processing

ADDRESS: Rm. 810 A Essex County Court House, Newark, N. J. 07102
TELEPHONE: 961 8235

PROJECT DIRECTOR: Joseph Parlapiano

FUNCTIONAL AREA: Adjudication

FEDERAL PROJECT NUMBER 75-DF 02 0105

PROJECT NAME: Criminalistics Lab

ADDRESS: 22 Franklin St. Newark, N. J. 07102
TELEPHONE: 733 6185

PROJECT DIRECTOR: William Seligman

FUNCTIONAL AREA: Detection, Deterrence, Apprehension

PROJECT GOALS:

Special Case Processing seeks to speed up the adjudication process by accomplishing the following objectives:

To complete the adjudication process from arrest to sentence for Newark offenders charged with IMPACT crimes within 90 days and as close to 60 days as possible (45% reduction over present time)

To achieve co-lateral benefits throughout the Newark Essex courts system, reducing overall delays by 10%

To achieve crime prevention benefits from the court process by arriving at a judicial determination in close proximity to the commission of the crime thereby reducing the percentage of rearrests prior to sentencing.

To improve the overall quality of justice within the judicial process

SUMMARY DESCRIPTION:

This project proposes modifications in the procedures and adds supplementary personnel to the existing Newark Essex courts system in an effort to improve the overall quality of justice within the judicial process. There are three existing courts that are designated process from arrest to sentencing for Newark offenders charged with IMPACT crimes within 90 days and close to 60 days as possible (45% reduction over the 1973-74 level)

SPECIAL CASE PROCESSING

PROJECT GOALS:

This project seeks to upgrade the Newark Police Department's Criminalistics Laboratory by accomplishing the following objectives:

Improve Police service and thereby enhance the Department's image.

To improve the quality of evidence in the prosecution of IMPACT cases and thereby to reduce the number of prosecutions going to trial.

To increase the number of scientific examinations of target crime incidents by the Newark Police Department from 3,562 to at least 3,922 in the first year and 4,282 in the second year. Specifically to increase the number of reported B & E's that receive a thorough search for and recovery of tool marks from 0 to 30% in the first year and from 30 to 60% in the second year.

To increase the number of cases that reach the crime lab from crime scenes from 45% to 80%

To increase the Police Department's Clearance Rate by 2% the first year and an additional 4% in the second year.

Integrate more completely the criminalistics laboratory into the entire system of criminal investigation.

Improve the motivation and morale of the police rank and file, by improving the technical capability of the department and its image.

SUMMARY DESCRIPTION:

The Newark Police Department Criminalistics Laboratory will be upgraded by creating a special unit that is highly trained and competent in the area of crime scene investigation, the recovery and preservation of physical evidence, laboratory analysis, and evaluation of evidence.

CRIMINALISTICS LAB

PROJECT NAME: Essex Cnty
Correct. Cntr. Vocational
Train/Rehab. Pro.

ADDRESS: Essex Cnty. Correct

Warden Arthur Magnusson

FUNCTIONAL AREA:
Institutional Rehabilitation

FEDERAL PROJECT NUMBER:
75 ED-02-0101

PROJECT NAME: Special Pro-
bation Caseloads

ADDRESS: 32 Johnson Ave.,
Newark, N. J. 07108
TELEPHONE: 961 7840

PROJECT DIRECTOR:
Joseph Clark

FUNCTIONAL AREA:
Adjudication

FEDERAL PROJECT NUMBER:
73 ED 02 0100

PROJECT GOALS:

IMPACT Performance Objectives for this project are

- 1) Reduce IMPACT Target Crimes by at least 83% per year after project implementation.
- 2) Reduce Target Crime recidivism among Newark offenders incarcerated in the Essex County Correction Center
- 3) Reduce recidivism rate of those participating in the program from 90% to 30%

SUMMARY DESCRIPTION:

This project is rehabilitating offenders (with special emphasis on target offenders) confined at the Essex County Correction Center through job training development and placement and through diagnosis and treatment of emotional problems which contribute to recidivism and hinder rehabilitation. This project implements seven vocational training shops at the Essex County Correction Center and provides one full-time psychologist and part-time psychiatrist for diagnosis and treatment of incarcerated target offenders with emotional problems. The seven vocational shops implemented are: 1. Auto Transmission, 2. Major Appliance Repair, 3. General Maintenance, 4. Landscaping, 5. Welding, 6. Auto Air Conditioning, and 7. Small Diesel Engines.

**ESSEX CTY CORRECT CENTER
VOC/TRAINING/REHAB PROJECT**

PROJECT GOALS:

Specific goals for Special Probation Caseloads are

Primary: To reduce both juvenile delinquency and adult criminal recidivism among Newark Target probationers, thereby reducing the number of target crime offenses.

Secondary: More comprehensive probation supervision through assignment of Newark target crime probationers, both juvenile and adult, from large conventional case loads to small specialized case loads and assignment of new target crime probationers to small specialized case loads.

Tertiary: Reduction in size of conventional case loads and establishment of ongoing specialized case loads.

SUMMARY DESCRIPTION:

This project has specialized case loads of sixty probationers each, which are supervised by a team of two probation officers. Each team has a newly appointed probation officer and an experienced probation officer. This blend of beginning capability and established competence is directed toward and reach target offenders. Frequent contact, intensive counseling, appropriate referral and follow through represent some of the rehabilitative measures that are evident in the plan of treatment.

SPECIAL PROBATION CASELOADS

PROJECT NAME: New Ark Prep

ADDRESS: 32 Central Ave.,
Newark, N. J. 07102
TELEPHONE: 624-4890

PROJECT DIRECTOR:
Ken Wilson

FUNCTIONAL AREA: Non-Institutional Rehabilitation

FEDERAL PROJECT NUMBER:
75-ED 02 0115

PROJECT GOALS:

As an alternative high school for delinquent youth specific goals are:

1. To reduce the incidence of target crime committed by Ironbound youth.
2. To keep recidivism on the part of recruited delinquent youth to a maximum of 10%, to prevent non-delinquent participants from entering the CJS for the first time.
3. To keep the attrition rate of recruited students to a maximum of 10%.
4. To improve student competency and basic educational skills.
5. To prepare students to make choices of college or vocational career a matter of personal preference rather than one of educational or class determination.
6. To offer participating youth the opportunity to pursue specific interests and develop particular skills.

SUMMARY DESCRIPTION:

This project provides an alternative educational experience for juvenile target crime offenders as well as pre-delinquent youth of the Ironbound section of Newark. The project services 65 delinquent or delinquent-prone teenagers. Approximately 55% of this total has been previously adjudicated. The services run from upgrading basic skills, providing Career Education and Vocational Preparation for college, technical school and vocational placement. Special emphasis is placed on counseling, peer group relationship, self-development, and participation in the school's program.

PROJECT GOALS:

The New Ark Prep project seeks to rehabilitate Newark target crime delinquents by achieving the following goals:

- To maintain a residential component for 50 juvenile adjudicated target offenders and to provide the necessary educational and vocational skills that will permit the resident to be emotionally and socially self-sufficient, thereby reducing recidivism and target crime in Newark.
- To establish and implement an educational component.
- To inspire each resident to develop a set of socially acceptable values that would enhance their behavior.
- To involve 50 juvenile adjudicated target offenders in non-delinquent activities.

SUMMARY DESCRIPTION:

The project, implemented by New Ark School, is an effort to rehabilitate Newark target crime delinquents in a residential facility. It provides educational and all supportive services for fifty youngsters a year with the aim of preventing them from becoming reinvolved in target crime delinquency. This project has successfully procured and renovated a facility in the last year enabling it to serve 22 residential delinquent youngsters. It has implemented an educational curriculum and supportive services especially designed for its unique population.

INDEPENDENCE HIGH SCHOOL

NEW ARK PREP

PROJECT NAME: Auxiliary
Police

ADDRESS: 57 Green Street,
Newark, N. J. 07102
TELEPHONE: 733-6135

PROJECT DIRECTOR:
Lt. Leo Burnheim

FUNCTIONAL AREA: Detec-
tion, Deterrence, Apprehension

FEDERAL PROJECT NUMBER:
75-DF-02-0106

PROJECT NAME: Pre-Trial
Intervention

ADDRESS: Municipal Courts,
920 Broad St., Newark,
N. J. 07102

TELEPHONE: 733-8116

PROJECT DIRECTOR:
John Mayson

FUNCTIONAL AREA:
Diversion

PROJECT GOALS:

The goals of the Auxiliary Police project are:

To aid in the deterrence of Impact Target Crimes such that the number of target crimes reported to police will be reduced.

To aid in the detection and apprehension of target crime offenders such that the clearance rate for each of the target offenses will be increased.

To aid in police response to reported crimes such that the number of unanswered calls for police service will be reduced.

To create a greater sense of security to the citizens of Newark.

To allow citizens to participate in the fight against crime with the Police Department and promote greater cooperation between the citizens of Newark and the Police.

To act as "Eyes and Ears" of the Police and report "On-View" IMPACT Target Crime activity directly to the Police.

SUMMARY DESCRIPTION:

The Auxiliary Police will post 114 unarmed uniformed civilians on foot patrol and in marked police vehicles in each of the four (4) police districts. 500 Newark residents will be trained as officers. This will afford residents added city wide protection during the late evening hours between 7:00 P.M. and 12:00 Midnight, 7 days a week. There will exist an on-going communication system between the Auxiliary Police and the regular police department, thereby insuring maximum use of manpower deployment. The Auxiliary Police will aid the Newark Police Department in meeting the increased demands for police service by handling minor police functions, thus freeing regular police to handle situations of a more serious nature.

PROJECT GOALS:

This project will aid defendants through treatment and counseling programs in an attempt to achieve the following goals:

To achieve re-integration and rehabilitation of target offenders.

To reduce crime by providing a mechanism for just, efficient and rapid handling of R.O.R. and bail matters.

To reduce the amount of time it now takes to divert defendants into rehabilitation programs.

To increase the number of defendants identified as target offenders, drug addicts, and persons eligible for R.O.R., low cash bail, T.A.S.C. or general referral to specific treatment areas.

SUMMARY DESCRIPTION:

This project concentrates on the disposition of "non-criminal" services, and aids in the diversion of defendants from further criminal behavior through treatment, counseling and community adjustment assistance. This is done through the following activities: 1. Initial interviews from the precincts, 2. Follow-up interviewing and verification, 3. Screening for T.A.S.C. low cash bail, and Release on Recognizance (R.O.R.), 4. Recording dispositions of cases, and 5. Intake.

Suite 605, Newark, N.J. 07102
TELEPHONE: 624-7475

PROJECT DIRECTOR:
Gustav Heningburg

FUNCTIONAL AREA:
Prevention

FEDERAL PROJECT NUMBER:
74-DF-02-0102

PROJECT GOALS:

This project in an attempt to decentralize police service and thus make it more effective, will strive to accomplish the following goals:

To continue the improvement of police community relations by effecting a greater personal contact between the police and the community.

To continue to deter potential target criminal acts by encouraging citizens to become more involved in the safety of their neighborhoods.

To increase the number of arrests over the 1973-74 level in the 512 patrol sector through a multi-faceted police-community effort which patrols and investigates crime and crime hazards.

To continue to improve cooperation and teamwork among police officers doing all law enforcement functions in the 512 sector.

To prevent crime with community education emphasizing personal and home protection.

To establish working relationships with other city and state social agencies whose work either directly or indirectly involves the criminal justice system.

SUMMARY DESCRIPTION:

This project decentralizes police service to make it more responsive to local needs and more effective at preventing crime. Police are delegated to fixed beats in the 512 sector of the South District. The project takes responsibility for all law enforcement in that area.

The project is expected to decrease crime in this sector as well as improve community relations by employing two (2) civilian social workers for crisis intervention and assistance with social problems that may be tangentially related to the police function. The project is also expected to utilize local residents, in an organized fashion, to aid in crime prevention.

PROJECT GOALS:

This project seeks to reduce crime in the Bergen Street area by achieving the following objectives:

To contribute to the overall reduction of impact crime in Newark in the absence of crime displacement.

To reduce by 25% the incidence of crime in the Business District of Bergen Street (Lyons Avenue to Watson Avenue).

To aid police in the apprehension and identification of Impact target crime offenders on Bergen Street.

To aid merchants in meeting the Minimum Building Security Guidelines which will make them eligible for the Federal Crime Insurance Program, where applicable.

To develop more commercial activity so as to encourage more people to come into the business district, thereby providing a crime deterrent mechanism.

To develop a positive sense of security within the minds of the merchants and shoppers on Bergen Street.

SUMMARY DESCRIPTION:

The purpose of this project is to reduce by 25% the incidence of Impact Crimes, (Homicide, Rape, Atrocious Assault and Battery, Robbery, Breaking and Entering) in the business district of Bergen Street. This is to be accomplished by (a) aiding the police in the identification of Impact target crime offenders, (b) aiding merchants to meet the Minimum Building Security Guidelines which will also make them eligible for the Federal Crime Insurance Program, (c) to develop more commercial activity so as to encourage more people to come into the business district, thereby providing a crime deterrent mechanism, and (d) to develop a positive sense of security within the minds of the merchants and shoppers on Bergen Street.

PROJECT NAME: Impact Rape
Analysis and Investigative Unit

ADDRESS: 20 Park Place,
Newark, N. J. 07107

TELEPHONE: 733-RAPE

PROJECT DIRECTOR:
Lt. Donald Blydenburgh

FUNTIONAL AREA: Detec-
tion, Deterrence, Apprehension

FEDERAL PROJECT NUMBER:
75-DF-02-0105

PROJECT NAME: Man-to-Man,
Woman-to-Woman (MW-2)

ADDRESS: 449 Central Ave.,
Newark, N. J. 07102

TELEPHONE: 481-1100
Hot Line 481-1010

PROJECT COORDINATOR:
Samuel Marquez

FUNCTIONAL AREA: Institutional
& Non-Institutional Rehabilita-
tion

FEDERAL PROJECT NUMBER:
75-ED-02-0110

PROJECT GOALS:

The goals and objectives of this project are:

1. To reduce the incidence of target rapes by an effective investigative and prosecutorial effort.
2. Encourage rape victims to report the incidence of rape and to make complaints that may potentially lead to police action and prosecution.
3. To improve the Police Department's clearance rate for stranger-to-stranger rapes from 50.1 to 75.1.
4. To improve the quality of identification evidence in rape prosecutions and thereby to reduce the number of rape prosecutions going to trial.
5. To improve the forensic science capability of the Newark Police Department for rape investigations, in the perception, collection and preservation of physical or medical evidence.
6. To improve police community relations by establishing a police unit that will investigate rape complaints and other sex offenses with sensitivity and diplomacy and make referrals to ancillary social services.
7. To deter potential target rapes by a publicity effort that will portray the effectiveness of the rape unit.
8. To accelerate the court processing time for rape cases by providing additional staffing to the County Prosecutor's Office.

SUMMARY DESCRIPTION:

Impact Rape Analysis and Investigation Unit is designed to improve the present system of processing rape complaints. It will provide specially trained women detectives and technicians to a special unit of the police department. The project will improve forensic science capability of the Newark Police Department for rape investigations, in the perception, collection and preservation of physical or medical evidence.

PROJECT GOALS:

Quantifiably, it is hypothesized that the MW-2 project will reduce the number of target ex-offenders who would normally recidivate by 80% for those who are matched with volunteer sponsors and complete the program. It is expected that of those ex-offenders matched with volunteer sponsors, less than 50% will be released in one year.

For those ex-offenders who are successfully placed in jobs, we expect to reduce the number of those who would normally recidivate by 60%.

For those ex-offenders who are serviced and counseled by the project, we expect to reduce the number of those who would normally recidivate by 40%.

SUMMARY DESCRIPTION:

Implemented by Morrow Projects of the New Jersey Association on Correction. The main component of this three part program provides assistance to Newark inmates in all State Institutions who meet specific criteria. MW2 matches Impact eligible inmates with trained volunteers who work with them on a one to one basis for approximately one year prior to release and a minimum of three months post release. Another component provides personal and employment counseling, job placement and resource development services to City of Newark inmates at the Essex County Correction Center (ECCC). The Out Client Component provides service to any Newark release including those from ECCC and State Institutions who have received MW2 services while incarcerated, from the state institutions and their sponsors, and others, e.g. court diverted individuals, referrals from community agencies, Hot Line callers and other self referrals. All clients and sponsors have 24 hour access to MW2 via the Hot Line. The aim of this project is to prevent target crime recidivism.
